**Resolution in Support of a Stormwater Runoff Requirement Variance for  
Brandy Chase Condominiums at 2310 Benson Ave**

Whereas, Justin Richgels with Brandy Chase at Shepard Park, attended the meeting of the Community Development Committee of the Highland District Council (HDC) on September 16, 2014 requesting support for a variance from the stormwater runoff requirement of Section 63.319 (a) that requires stormwater runoff from parking lots to be released into the City sewer system at a controlled rate,

Whereas, the Committee has the understanding that Brandy Chase will continue to work on a landscaping and stormwater management plan and will not be increasing the flow of water into the stormwater system.

Be it Resolved, that the Community Development committee of the Highland District Council supports the variance request from the stormwater runoff requirement of Section 63.319 (a) that requires stormwater runoff from parking lots to be released into the City sewer system at a controlled rate.

Approved September 16, 2014  
By the Community Development Committee of the Highland District Council

Resolution 2014-28D
