October 9, 2018

Dear Andrew,

The Highland District Council is happy to submit this letter of support for a partnership of Metro Blooms and Capitol Region Watershed District on a project in the 2200 block of Highland Parkway and Pinehurst to install raingardens and other storm water BMPS.

This project is an opportunity to build community at the block level, would help to resolve water problems between neighbors by finding a solution that protects property and infiltrates runoff. Other benefits include helping to beautify the neighborhood and alleys; and help to protect clean water in the Mississippi River.

With the success of this project, the council would be interested in seeing this project replicated at other blocks throughout Highland in the coming years, and to that end will support this effort through our communications and community engagement efforts.

Thank you for considering.

Sincerely,

Kathy Carruth  
Executive Director

Resolution 2018 -19B

The Highland District Council's mission is to foster opportunities for the people that live, learn, work, and play in Highland Park to engage and connect with neighbors, businesses and local government and to help build a more vibrant, welcoming, and safe neighborhood.

The HDC is a registered 501(c)3 non-profit.
