Building a More Vibrant, Welcoming, and Safe Neighborhood

January 17th, 2017

Paul Kurtz
City Engineer
Department of Public Works
25 West 4th Street, 1500 CHA
Saint Paul, MN 55102

Paul,

The Highland District Council's Transportation Committee met with the President of the Horace Mann PTA and another school parent on December 13th. They expressed concerns for the safety of the students crossing south at Eleanor and Kenneth, and at the intersection of Eleanor and Wilder. Some of the other concerns brought to our attention were the increase of illegal parking around the intersection of Eleanor and Wilder, which makes visibility an issue, and the addition of all way stops at both of these intersections. The Committee talked about the pros and cons of additional stop signs, and agreed that the best solution would be enforcement by SPPD and education of parents and neighbors.

The HDC Transportation Committee would also like to request that the City of St. Paul Public Works Department paint standard St Paul crosswalks in the spring of 2017 at the intersections of Eleanor and Kenneth and Eleanor and Wilder; with the possibility of advanced stop bars. The HDC also requests School Crossing Zone Signs for Horace Mann School.

Thank you for your consideration.

Kathy Carruth
Executive Director
Highland District Council
