

**Features & Benefits**

**Wears like iron because it is iron!**

Lasting form and function — we have never had one fail

Installations with natural finish are maintenance-free

Highly resistant to snow plow and shovel damage

Lasting non-skid properties

Excellent cast iron to concrete adhesion properties

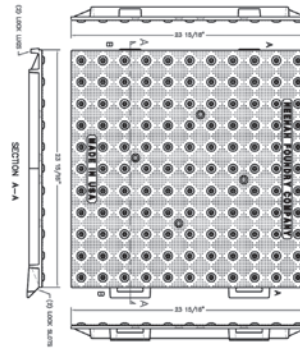

No need for replacement features — our plates are permanent

5-yr limited warranty

Vent holes release gasses and air for maximum concrete contact

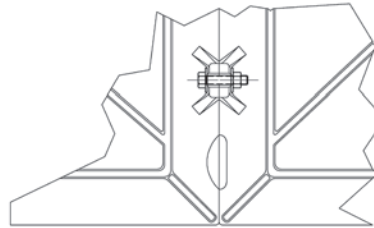

Furnished lifting brackets simplify installation

Can cover long runs using radius or straight sections

**Quick Connect Plates**

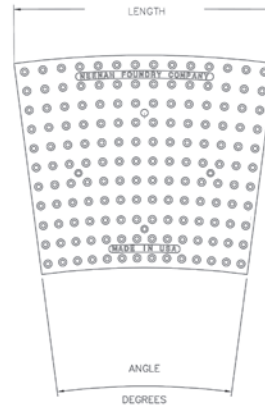

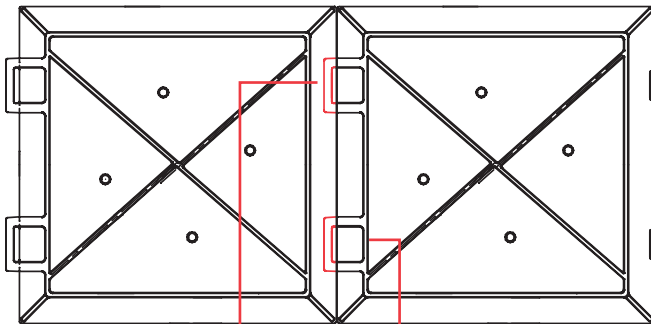

Depth	Width	Catalog No.
24"	x 24"	4984-24Q
24"	x 30"	4984-30Q
24"	x 36"	4984-36Q

**Bolted Plates**

Depth	Width	Catalog No.
24"	x 24"	4984-24B
24"	x 30"	4984-30B
24"	x 36"	4984-36B

**Technical Features**

**Radius Plates**

Depth	Radius	Catalog No.
24"	9' 5"	4984-9-5R
24"	15'	4984-15R
24"	20'	4984-20R
24"	25'	4984-25R
24"	35'	4984-35R

Precision casting provides level seaming between plates

**Guidelines for Accessible Rights-of-Way**

The ADA and ABA have specific guidelines that refer to numerous issues concerning detectable warning. Neenah Foundry's Detectable Warning Plates help you meet these requirements.

Neenah recommends that specifiers review prevailing national, state and local guidelines to ensure full compliance.
